Every election year, politicians say the same things over and over again on the same issues of Taxes, Education, Economy, Housing, Traffic, Environment, etc. All important issues, yet very little has changed or improved (some even worst) over the past 47 years of Statehood.

I want to take up issues not very popular with "Incumbent Politicians", but that will bring back "True Democracy", and take back our government to the People, where it belongs! INITIATIVE-REFERENDUM-RECALL: To bring power to the People in a "True Democracy"; CAMPAIGN REFORM: Limit contributions to \$100 or less from individuals living within a candidates own district only. No contributions from businesses, corporations, lobbyists, unions, organization or outside their districts. TERM LIMIT REFORM: Limit state Senate, House and County Councils to 4-year terms, with 2-consecutive term limits (stagger odd-even districts each 2-year election). JUDICIAL REFORM: State Supreme court elected by the People for a "Truly Check and Balanced" government. Justices select their own Chief, and all other lower court judges. TAX RELIEF: Omit taxes on food, medicine and housing that burden our Hawaii People everyday.
